

## SAFEGUARDING POLICY

Covering all areas of children and youth work

February 2018

Emmanuel Church Oxford is committed to the nurturing and safeguarding of children and young people. It is the responsibility of every church member involved in children's and youth work to prevent the physical, sexual and emotional abuse of children in their care and to report any suspected abuse according to the procedure in this document. Emmanuel Church Oxford is committed to supporting, resourcing and training those church members who volunteer with children's or youth work.

For the purposes of this document, a child/youth is any person under eighteen years of age.

### SUPERVISION

Children must be supervised at all times whenever or wherever the church meets by their parent/s or carer/s. Specific safeguarding responsibility for the child or young person passes from the parent/carer to the children's/youth worker from their arrival at the meeting room until they are collected by their parent or carer. Children's or youth workers will remain with the children or youths until they are collected by their parent or carer. On Sunday mornings workers should not allow children to go back to the main meeting venue without their parent/carer.

As children/young people arrive at their meeting room they will be marked in the appropriate register.

In each age group there will always be at least two workers. All workers should recognize that safeguarding is a priority and as a consequence they may be asked to assist with children's or youth work when it is not their 'turn' if insufficient workers are available to achieve this.

Should children's or youth work include activities that require the children or youth to leave the usual meeting venue, permission from the parents/carers will be obtained beforehand.

Parents/Carers who regularly attend Emmanuel Church Oxford and leave their children in the care of children's or youth workers will be asked to fill out a registration form that includes details of any medical conditions, special educational needs or allergies that may be relevant. These details will be shared with the children's or youth workers and updated regularly. Guests who leave their children in the children's work will be asked to provide any relevant information upon registering their children at the appropriate venue.

## ABUSE

All those who volunteer to work with children or youth in Emmanuel Church Oxford receive training in recognizing possible signs of abuse, (including bullying) and how to report suspected abuse.

All those who volunteer to work with children or youth in Emmanuel Church Oxford will be required to complete an individual disclosure with the Disclosure and Barring Service facilitated by CCPAS (The Churches Child Protection Advisory Service).

The recruiting officers registered within Emmanuel Church Oxford are: Joel Grates, David May, Jessica Vaughan and Benjamin Hamilton.

As stated above, all volunteers will be required to complete an individual disclosure with the Disclosure and Barring Service. Another child will be asked to accompany them to ensure that no crèche team volunteer is alone with an individual child. Jelly Beans team volunteers will not do anything for a child that the child is able to do for themselves.

If a child becomes distressed in crèche and cannot be comforted or distracted a Jelly Beans team volunteer will return to the main meeting venue and ask the relevant parent/carer to return to Jelly Beans to care for the child.

Parents/carers may choose to leave drinks or snacks for their children. If so these will be clearly labelled as belonging to the child and cannot be shared with other children. Labels are available in Jelly Beans.

The story-time, craft and singing is an optional activity and although Jelly Beans team volunteers may try some gentle persuasion, no child will be coerced or manipulated into taking part when they are unwilling to do so.

## PROCEDURE FOR REPORTING SUSPECTED OR DISCLOSED ABUSE

All children's work volunteers have training in the recognition of possible signs of abuse and the reporting procedure.

Any suspected abuse of children or any disclosure of abuse must be immediately reported to a Safeguarding Advocate and nobody else. It is particularly important that any suspicion of abuse or a disclosure is not discussed with anyone else. The advocate will take responsibility for any decision about the subsequent course of action.

Any reported case will be considered for referral to Social Services. This is the Advocates' responsibility.

In exceptional circumstances, when the advocate cannot be contacted and a child is at risk of death or significant physical or sexual harm a children's work volunteer does have a responsibility for contacting Social Services directly. It must be stressed that this should only be undertaken if an advocate cannot be contacted. Should this situation arise the advocate needs to be contacted at the earliest opportunity and the details of the referral should be made known to them.

The Multi-Agency Safeguarding Hub can be contacted on: 0345 050 7666

Any team volunteer who has reported a concern, a disclosure or an incident to the advocate does not have the right to know any further details about the case. However, they do have the right to know that steps have been taken to ensure the child's safety and well-being. They will be informed of such by the advocate.

#### HANDLING DISCLOSURE (IF A CHILD WANTS TO TALK ABOUT ABUSE.)

- Accept what the child says; do not show signs of disbelief, shock or surprise.
- Be honest; DO NOT promise confidentiality.
- Observe the child's appearance, demeanour and behaviour.
- Do not blame the child.
- Be aware of and sensitive to the fact that the child may be frightened and/or have been threatened.
- Avoid asking 'closed' or 'leading' questions.
- Frequently reflect back to confirm what the child has said.
- Be supportive.
- Let the child know that you will have to speak to someone else about what they have told you.

As soon as possible after talking with the child, write an account in as much detail as possible, using the same words that the child used, without interpretation or elaboration. Keep these notes confidential. Report the matter to the advocate as soon as possible and submit the notes to them. Do not keep a copy of the notes you make.

## GUIDELINES FOR SELF-PROTECTION

All children's work volunteers should be aware of the responsibility placed upon them in caring for, teaching and playing with the children and young people in Emmanuel Church Oxford. All volunteers should exercise common sense when interacting with children, but in particular they should:

- Treat all children with respect and the dignity befitting their age.
- Be mindful of their use of language, their tone of voice and their body language.
- Avoid rough, overly physical or sexually inappropriate games.
- In the event of any injury to a child, accidental or otherwise, always inform the child's parent/carer.
- Avoid ridiculing, scapegoating or sexually suggestive comments about, or to, a child.
- Avoid inappropriate physical contact of any kind.
- No physical punishment of any kind should be administered by any children's work volunteer.
- Avoid extended hugs and never encourage kisses from children.
- Do not let a child involve you in excessive attention seeking that is overtly sexual or physical. If a child touches you in an inappropriate place ensure that you inform the advocate. It could be a totally innocent touch so do not make the child feel like it was wrong but do not ignore it as it could place you in a vulnerable position.
- If a child soils their nappy or their clothes ask their parents/carers to come and change them.
- Do not go to the toilet alone with one child. Guard the privacy of children on toilet trips and never do something for a child that they can do for themselves.
- Do not place yourself in a situation where you are spending a prolonged amount of time alone with one child. If you are alone in a room with children ensure that the door is open.
- Do not invite a child to go to your home unless they are part of a group and you have the permission of the parent/carer.
- Avoid giving children lifts in your car alone. If it is unavoidable, ensure the child sits in the back and wears a seat belt and make a direct journey to your destination.

- Do not share sleeping accommodation with children when away overnight. In a residential setting never, under any circumstances, take children into your bedroom.
- When taking children on an outing or trip, think about how you may appear to the public when dealing with the children and plan the trip accordingly. (This may mean that disruptive children cannot go on outings).

Lastly, if any children's work volunteer observes another volunteer behaving in a way that contradicts this policy document or in a way that could be misconstrued they should immediately address that volunteer with their concerns and report those concerns to the advocate as soon as possible. Never keep suspicions of abuse by a fellow volunteer to yourself.
